

WE MANUFACTURING

EEF Manufacturing Week 01 – 05 March 2010
www.lovemufacturing.co.uk

Knorr Bremse Rail Systems (UK) Ltd

3rd March 2010

An EEF member, and award winning company, Knorr-Bremse Rail Systems (UK) Limited (KBRS) is the source for all Knorr-Bremse Rail Group products, systems and service support for customers based in the UK and Ireland.

KBRS is a Knorr-Bremse Centre of Competence for metro brake control, being responsible for the design and development of world leading metro braking control technology such as Knorr-Bremse EP2002 Distributed Brake Control.

Visit the impressive facilities of Knorr-Bremse, and see how the company, despite the economic downturn is enjoying success not only in home markets but in emerging export markets especially in China and in the Middle East. For more details on the company visit their website www.knorr-bremse.co.uk

This best-practice and knowledge sharing event will include a factory tour and provide thought-provoking insight and discussion, led by Knorr Bremse's leaders and EEF SW's Head of External Affairs, Clive Turner. The discussion will be centred on the important role and opportunities for manufacturers in the south west

EEF Member Connect events are exclusive, invitation only events, for EEF members and special guests. As such, places go quickly and it is recommended you book early.

Benefit of attending

- Best practice factory tour.
- Knowledge sharing and networking with the leadership team of Knorr Bremse and other manufacturers.
- Contribute to the future policy for manufacturers in the UK.
- See firsthand how a world class business creates competitive advantage.

Who should attend?

- MD's
- Operations Directors and Managers
- HR Directors and Managers
- Business Improvement/Continuation Improvement Leaders

Dates and location

Wednesday 3rd March Knorr Bremse Rail Systems (UK) Ltd, Westinghouse Way, Melksham, Wiltshire SN12 6TL
